[Through Hurricanes Helene and Milton, Amateur Radio triumphs when all else fails](#)

While some residents in hurricane-impacted areas can't send texts or make calls, Amateur Radio enthusiasts are helping communicate requests for help and messages between loved ones.

[WIRED](#)

[grid.radio](#)

Location data including grid squares without the need for a data connection.

[20th century Amateur Radio organizations struggle in the 21st century](#)

This issue isn't confined to ARRL.

[Zero Retries](#)

[International Beacon Project](#)

These beacons help both Amateur and commercial high-frequency radio users assess the current condition of the ionosphere.

[NCDXF/IARU](#)

[The Titanic 40m field expedient backpack portable antenna](#)

Could a replica of Titanic's giant antenna, downsized for the 40-meter band, be an effective Ham Radio antenna?

[Ham Radio Outside the Box](#)

[Father of the radar detector, dead at 74](#)

Mike Valentines connection with such technology goes all the way back to his childhood interest in

Amateur Radio.
[Adventure Rider](#)

Review: Radioddity QT80 10m Radio

It cleverly walks a line between being a CB (channelized) radio, and a channelized/VFO capable Amateur Radio.
[The SWLing Post](#)

Amateur Radio on the International Space Station contact opportunity

Message to US educators: Call for proposals – new proposal window is October 7th, 2024 – November 17th, 2024
[ARRSS](#)

Video

Receiving microwave signals from deep-space

David Prutchi explores how deep space exploration creates new and exciting opportunities in Ham Radio.
[Supercon](#)

1 Watt 2160 km QSO

Thanks to Peter OZ8CTH for this nice QSO.
